CLEAR CAPTURE

Acne & Pore Solution

The combination of **Canadian Willow Herb** and
4-Phase Synchronous Boost Therapy™

Plant: Canadian Willow Herb

Rich in bioactive molecules that help to soothe acne-prone skin, this potent plant reduces redness and instantly relieves irritated skin caused by chemicals and UV exposure. It is also known for its ability to effectively inhibit the growth of the acne-causing bacteria, *Propionibacterium Acnes*.

Technology: 4-Phase Synchronous Boost Therapy™

An effective system combining four interdependent, synchronous actions to fight the formation of acne and skin irritation - Eliminate bacteria > Normalize sebum > Soothe & Calm inflammation > Repair pores.

1. Deep Purifying Gel Cleanser

Every morning and evening, apply 1-2 pumps to palm and gently massage onto damp face in a circular motion, avoiding the eye area. Rinse thoroughly with water.

4. Acne Control Soothing Gel

Apply a pearl-sized amount of gel to the skin and gently massage upward and outward over entire face and neck in circular motions. Use twice daily for maximum results.

3. Intensive Acne Spot Treatment Serum

Shake well before use. Drop the serum onto fingertips and gently smooth over acne, blemishes and the surrounding area. Use twice daily for maximum results.

2. Anti-Blemish & Pore Refining Toner

Shake well before use. Every morning and evening after cleansing, spray toner directly onto skin and gently pat into face for better absorption, avoiding the eye area.
