SNOW GLOW

Radiance & Brightening

The combination of **Edelweiss Snow Flower** and
X50 Capsule™ Technology

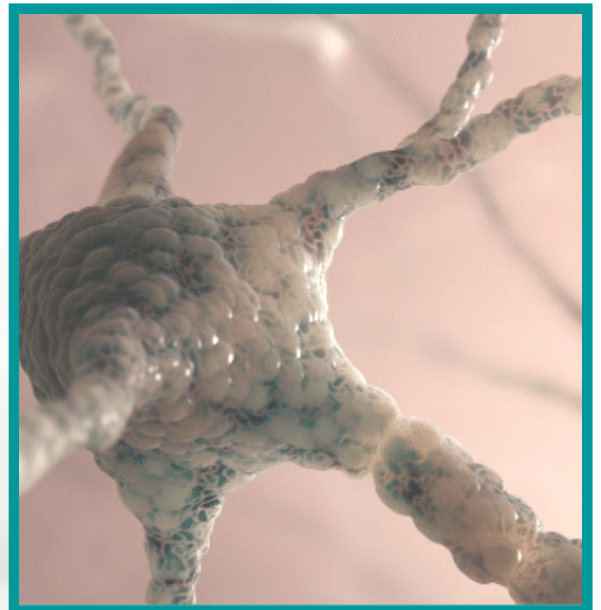

Plant: Edelweiss Snow Flower

Boasting twice the antioxidant power of Vitamin C, the extract from this flower helps preserve the skin's natural balance, reduces sensitivity and protects skin from radiation, as well as oxidation. It also has the ability to slow down melanin production and lighten pigmentation.

Technology: X50 Capsule™

X50 Pure White™, the whitening formula of the X50 Capsule™, is a safe whitening technology that works on over-expressed melanocytes and helps control UV-induced and facultative pigmentation. This capsule technology is the most advanced delivery system, as it binds exclusively to the desired receptor and releases the active ingredients steadily over time for high efficacy & maximum results.

SNOW GLOW

Skin Type: All Skin Types

Who Should Use?

Those who are with any of below skin condition:

- 1) Uneven skin tone
- 2) Hyperpigmentated Skin.
- 3) Dark spots & patches.
- 4) Acne scars.
- 5) Dull skin.
- 6) Sun-burned skin

& those having normal skin to enhance the radiance
& glowing of the skin.

Milky White Bubble Cleanser

This rich & silky foaming bubble cleanser eliminates impurities, boosts skin radiance, brightens up the complexion and leaves skin deeply cleansed, nourished & lustrous.

150ml

KKM: NOT180605911K

Glow Radiance Toner Mist

A multi-action toner that balances skin pH, lightens freckles & dark spots while reducing dullness for clear, even-toned & glowing skin.

100ml

KKM: NOT180601227K

Advanced Brightening & Dark Spot Elixir

This optimized concentrated elixir acts deep inside the skin to reduce hyperpigmentation, lighten scars and even out skin tone for an overall bright & luminous complexion.

30ml

KKM: NOT180601228K

Pure Radiance Brightening Cream

An intensely rich & deeply nourishing brightening cream that actively enhances skin luminosity while perfecting tone, reducing freckles caused by sun damage and leaving skin looking healthy & radiant.

50ml

KKM: NOT180601229K

1. Milky White Bubble Cleanser

Every morning and evening, apply 1-2 pumps to palm and gently massage onto damp face in a circular motion, avoiding the eye area. Rinse thoroughly with water.

How To Use

2. Glow Radiance Toner Mist

Shake well before use. Spray toner directly onto skin after cleansing, gently pat into face for better absorption, avoiding the eye area.

4. Pure Radiance Brightening Cream

Apply a pearl-sized amount of gel to the skin and gently massage upward and outward over entire face and neck in circular motions. Use twice daily for maximum results.

3. Advanced Brightening & Dark Spot Elixir

Shake well before use. Apply 2 to 3 drops of serum to palm and gently press onto face and neck. Use twice daily for best results.
